Funding Request Number	1426759

Addendum to Request for Review and Waiver

On January 8, 2007, we submitted a Request for Review and Waiver to the Commission with regard to USAC's denial of the referenced FRN asking, in part, that the 60-day appeal deadline be waived. Shortly after filing this request we found that, unbeknownst to E-Rate Central which had just begun working with Ruidoso, the previous E-rate contact for the district had already appealed the denial to USAC. This appeal was denied by USAC on January 12, 2007. Our Request for Review, therefore, is timely; our request for a waiver of the appeal deadline, however, is moot.

We hereby reiterate our Request for Review and ask that the FCC remand this funding request to USAC for reinstatement with a Corrective SPIN change.

Sincerely,

Winston E. Himsworth
On behalf of Ruidoso Municipal School District
